

BTA

Benzotriazole

BTA is an effective corrosion inhibitor for copper, high content copper alloys, aluminum, zinc, silver and cobalt. It is used primarily in protecting metals from corrosion in air so it is commonly used during shipment, storage and between processing stages. BTA is found in circulating water finishing agents, motor vehicle antifreeze fluids, lubricating oil additives, and is used as a photo antifoggant, and in other applications.

Specifications:

Appearance	Off white to light yellow needle or coarse powder
*Melting point, °C	97.0 min.
*Ash, %:	0.05 max.
*Moisture, %:	0.1 max.
*Assay, %:	99.5 min.
*pH:	5.0 – 6.0

*Actual data will be reported on Certificate of Analysis

10/2014
