

HSR-80

High Styrene Resin

HSR-80 resin offers superior hardness, flexibility and cut resistance for a cost effective processing solution. It possesses properties for a myriad of industrial and commercial end-use applications. HSR-80 can also be used as an ideal alternative to fillers for rubber goods requiring greater rigidity.

Specifications:

Appearance	White granules
*Styrene content,%	80-85
*Volatiles,%	1.50 max.
*Organic acid,%	2.0 - 5.5
*Shore A hardness	96 min.
